
Title: The Mad Executioner #2 The Cult

Author: Ned

A day had passed
since Deggar and
Dinima arrived in
Britain and nothing
had happened so they
met in the public
library.

"Deggar I've been
wondering about the
attck on the carpenter
shop." "Yeah and?"
"How could he have
done it if he was seen
at the western
stables 15 minutes
before?" "Beats me."
He replied. "You don't
think..." "No way, that
would be horrible."
"But what if there
are more than one."
Suddenly the captain
walked in. "I heard
that and it's
impossible, he always
looks the same."
"Although," he
continued. "I do believe
his being at the stable
and carpenter shop is
odd."

Five guards were
patrolling near the
butcher shop "I don't
like being here, I
mean a giant madman
with an axe is
running loose and we're
near the butcher shop."
"I know how you feel."
Suddenly loud
chopping sounds came
from the butcher shop
a much blood leaked
from the door!

"What the hell!"
They opened the door
quickly and one
tripped on a corpse.
"Ugh, get off my cow
your ruining the
meat!" "Uh, err sorry
but the chopping and..."
"HAH HAH HAH
you thought it was
that madman I just...."
She was cut off as a
scream came from the
door! "OH MY GOD
JERROD!" "WAIT
NO NO NOOOO
AAAAGH!"

Three guards were
near the healers at
the exact same
moment "Hey whats
that HALT!" The
shadowy figure he
spotted stopped, it
looked huge. "What
do we do if it's him
we'll be slottered!"
"You two go I'll
guard the healers."

"O-ok you sh-show
yourself." He
stuttered.
Unfortunatley it
complied! "OH
MY.....URK
uuuuuuuuuuugh!"
"WAIT SPARE
ME NOOOOOOOO
AAAAAghhhh!"
"RUN we need you to
help our injured."
The healers obeyed
him noing there was
nothing they could do.
Although the guard
fought valiantly he
was slain quicky.

Deggar and Dinima
were patrolling also
when they saw three
huge figures enter the
sewer area.
"I'm starting to think

your right." Deggar
said. "See, now I'll
prove it come on!"
"I hate sewers."

In the sewers
maddened rats
attacked often though
the odd bullfrogs were
unknowingly helping
them by killing the
rats. "My god!"
"What?!" Deggar
quickly replied. He
needed no answer
when he saw the
biggest rat he'd ever
seen. "Hmm i have an
idea." He pulled out a
piece of bread and
teased the rat with it
the rat clamed down
and started following
the bread, he then
gave it piece. A few
minutes latter the rat
was almost tame and
was following them.
"I don't like a giant
rat following us."
Dinima complained.
"So?" Deggar replied
actually petting the
rat.
She only sighed.
"HAH HAH they are
fooled compltely!"
"YES, soon we will
have killed enough
guards to take
Britain and then mabey
Minoc." "I was right."
Dinima whispered.
"Get over it."
THEy heard all that
the men said.
"C'mon we gotta warn
the guards." "squeek
squeek *sniff*." "Agh
it sniffed me whats
it want." "What's in
your bag?" "Just
reagents, oh and my
cheese, oh wait."
"Well give him the
cheese." "But... oh
fine." "Now let's go."

.^.^.^.^.^.

"WHAT!" "You heard

twenty of them."
